Article 3 (Matters to be Included in Articles of Incorporation concerning Use of Collective Marks) (1) "Matters concerning the use of the collective mark prescribed by Presidential Decree" in Article 36 (3) of the Act means the following:

1. Qualification for and conditions of membership of members of an organization that uses a collective mark, and the withdrawal of members therefrom;
2. Conditions of the use of a collective mark;
3. Sanctions against persons who violate the conditions of use under subparagraph 2;
4. Other matters necessary to use a collective mark.

(2) In cases of a collective mark with geographical indication, relevant articles of incorporation shall include the following in addition to matters under the subparagraphs of paragraph (1):

1. Particular quality, reputation, or other characteristics of goods;
2. Essential correlations between the geographic environment and a particular quality, reputation, or other characteristics of goods;
3. The area regarding which a geographical indication is used;
4. Own standards for the management of and a plan to maintain and manage a particular quality, reputation, or other characteristics of goods.

Article 4 (Matters to be Included in Documents Stipulating Matters concerning Use of

Certification Marks) (1) "Matters concerning the use of the certification mark prescribed by Presidential Decree" in Article 36 (4) of the Act means the following:

1. Quality, the place of origin, production methods, or other characteristics (hereinafter referred to as "quality, etc.") of goods a person intends to certify;
2. Conditions of the use of a certification mark;
3. Sanctions against persons who violate the conditions of use under subparagraph 2;
4. Other matters necessary to use a certification mark.

(2) Documents proving that a person can certify and manage quality, etc. under Article 36 (4) of the Act shall include the following:

1. Standards, procedures, methods, etc. for testing and inspecting the quality, etc. of goods the person intends to certify;
2. Specialized equipment, professional manpower, etc. necessary to certify and manage the quality, etc. of goods the person intends to certify;
3. Oversight, supervision, etc. of users of a certification mark;
4. Other matters objectively proving that the person can certify and manage the quality, etc. of goods he or she intends to certify.

Article 5 (Documents Proving Goods Correspond to Definition of Geographical Indication) A

person who intends to obtain registration of a collective mark with geographical indication or a certification mark with geographical indication shall submit the following documents proving that goods correspond to the definition of a geographical indication pursuant to Article 36 (5) of the Act in addition to the documents under paragraph (3) or (4) of that Article:

1. Documents concerning a particular quality, reputation, or other characteristics of goods;
2. Documents concerning substantial correlations between the geographic environment and a particular quality, reputation, or other characteristics of goods;
3. Documents concerning an area regarding which a geographical indication is used.

Article 6 (Hearing of Opinions on Applications for Registration of Certification Mark) Where

necessary to examine an application for registration of a certification mark, the Commissioner of the Korean Intellectual Property Office may hear opinions of related administrative agencies or persons who have extensive knowledge of and experience in goods on the following matters, or request them to provide cooperation by such as

submitting information:

1. Matters concerning the quality, etc. of goods an applicant intends to certify;
2. Matters concerning whether an applicant for registration of a certification mark has the ability to certify and manage the quality, etc. of the relevant goods;
3. Other matters concerning requirements for registration of a certification mark.

Article 7 (Hearing of Opinions of Local Governments concerning Application for Registration of Collective Mark with Geographical Indication)

(1) Where necessary to examine an application for registration of a collective mark with geographical indication, the Commissioner of the Korean Intellectual Property Office may hear the opinion of a related local government on the following matters, or request it to provide cooperation by such as submitting information:

1. Matters concerning the production, manufacture, processing, and distribution of the relevant goods on which a geographical indication may be used (hereinafter referred to as "goods corresponding to a geographical indication");
